by Nancy Stewart copyright 1995

Print and hold up pictures and talk about each kind of diet. Ask children what other animals are herbivores, carnivores, and omnivores. Ask children what kind of diet they like!

## I'm a Carnivore

CHORUS: (change underlined word to match each verse)

I'm a carnivore (spoken: I like meat)

I'm a carnivore (spoken: I like meat)

I'm a carnivore (spoken: I like meat)

Oh yes, I'm a carnivore

Tyrannosaurus Rex was the kin of the dinosaurs  
And as you might imagine he liked to eat meat  
Ol Rex was a carnivore, and he said  
(CHORUS)

Apatosaurus and Stegosaurus took a trip to the grocery store  
They bought potatoes and carrots, corn and peas  
You see, they were herbivores, and they said  
(CHORUS)

Struthiomimus was a likeable guy, at dinner he never got bored  
And he never fussed about the food on his plate  
You see, Struth was an omnivore, and he said  
(CHORUS)

**carnivore**

herbivore
